

COSHH Risk Assessment

022224 - Verto Cream Cleaner 500ml

PROCESS STAGE	POTENTIAL RISK	CONTROL MEASURES	ACTION REQUIRED
DELIVERY			
Packaged ready to use in 12 x 500 ml polythene flasks in a cardboard carton. Delivered in single containers if required.	Risk of spillage if the container is dropped. Risk of injury to user if dropped.	Trained employees should handle only single containers at any given time. Take care not to drop the containers. Ensure that the cap is secure at all times.	Transfer containers to store immediately following delivery. Do not leave containers in areas where users of the building will come into contact with them.
STORAGE			
Containers must be stored upright in a cool, dry storage area. Product must be kept stored in its original container.	Minimal risk of spillage if caps are firmly in place. Caps are not child proof.	Keep containers in secure storage areas. Restrict access to storage areas to authorised personnel.	Use oldest stock first. Make regular checks to ensure that storage area is clean and tidy. Make regular checks to ensure that containers are not split or blown.
USAGE			
Product is dispensed directly onto the surface to be cleaned and agitated with a cleaning cloth, scourer or brush. Product can also be dispensed onto a cleaning cloth.	Risk of eye contact. Risk of skin contact. Risk of ingestion. Risk of spillage onto floor and into drainage system.	Handle the containers with care. Wear Personal Protective Equipment. Ensure that the container is returned to store when not in use. Always read the manufacturer's instructions prior to use. Never use near foodstuffs.	Provide employees with PPE as follows: • Protective gloves for prolonged use Ensure that operatives are aware of location of First Aid facilities and personnel.

DISPOSAL

Empty containers must be rinsed thoroughly and disposed of as normal waste. Residual stocks may be disposed of into a foul sewer (sluice) using plenty of water. Recycle all containers wherever facilities are available.	Small risk of skin or eye contact. Small risk of inhalation and ingestion. Risk of contamination with other substances.	Wash out the container using plenty of water. Do not store any other material in the empty container. Ensure that the product is exhausted before disposal. Ensure that the product is not disposed of via a rainwater sewer (i.e. drain outside the building).	Ensure that operatives wear Personal Protective Equipment at all times during disposal.
